

Electrician

At **Greyhound Recycling**, we are passionate about developing innovative solutions that shape tomorrow's world. We are a fast-growing company dedicated to building a greener and cleaner future.

We are currently seeking a skilled **Electrician** to join our team at our Material Recovery Facility (MRF) in Dublin. This role is critical to ensuring the safe and efficient operation of our Material Recovery Facility (MRF) by maintaining, troubleshooting, and optimising our electrical systems and equipment.

PRINCIPAL ACCOUNTABILITIES

- Perform routine maintenance, fault finding, and repairs on all electrical systems and equipment, including motors, conveyor systems, balers, and control panels, to minimise downtime.
- Diagnose and resolve issues with electrical and electronic systems using tools such as multimeters, thermal imaging, and oscilloscopes.
- Carry out installation and commissioning of new electrical equipment in line with company and regulatory standards.
- Ensure compliance with all health, safety, and environmental regulations during electrical work.
- Collaborate with the maintenance and operations teams to align electrical maintenance tasks with production schedules and priorities.
- Maintain accurate records of inspections, repairs, and modifications within the company's maintenance management system.
- Implement preventative maintenance programs to ensure the reliability of electrical equipment.
- Conduct regular inspections to identify potential electrical issues and recommend corrective actions.
- Support energy efficiency initiatives, including identifying and implementing power-saving opportunities.

REQUIREMENTS

- Proven experience as an industrial electrician, ideally within waste management, manufacturing, or a production environment.
- Strong knowledge of electrical systems, including motors, drives, and control panels.
- Familiarity with regulatory requirements for electrical systems and equipment.
- Ability to read and interpret electrical schematics, wiring diagrams, and technical manuals.
- Excellent troubleshooting skills and attention to detail.
- Strong commitment to safety and a proactive approach to identifying and addressing potential hazards.
- Relevant electrical qualifications are required.
- Flexibility to work in a fast-paced, team-oriented environment, with occasional shift work or callouts as required.

WHAT WE OFFER:

- Full-time position with long-term career growth opportunities.
- A competitive salary package.

Join our team and be part of a company dedicated to creating a sustainable future. If you're a skilled and safety-conscious electrician looking for your next challenge, apply today! Contact us on hroffice@greyhoundrecycling.com or visit <https://greyhound.ie/>
